

## Help meet the goal for the Dr. Pamela Gramet Endowed Scholarship!

Pamela Gramet, PT, PhD  
Associate Professor  
Emeritus

When Dr. Pamela Gramet retired following a long career with Upstate, an endowment was established in her honor to award an annual scholarship to a third-year Physical Therapy student. Now, the endowment is very close to a level where it will be able to provide a \$1,000 scholarship each year.

You can help push that total over the mark. The endowment only needs another \$5,000. Plus, your gift of \$250 or more today could be matched, adding \$500 or more toward the goal!

### “Caring & Compassionate”

These words are a hallmark of the physical therapy profession. This scholarship will acknowledge students who exhibit these qualities to the highest degree. This award will be given to a physical therapy student in his or her last year of the program who best exemplifies the core values of caring and compassion in both the clinical and classroom settings.

### About Pamela Gramet

Dr. Gramet, Associate Professor Emeritus, devoted her academic career to promoting and developing these values among students through her leadership, teaching, mentoring, and involvement in clinical education.

In her 33 years as a member of the Upstate faculty, Dr. Gramet served as Chair of the Department of Physical Therapy for 12 years, expanding the program from a bachelor's to a master's, culminating in today's doctoral program. She earned a national reputation as a leader in her field — including her work on a standardized clinical performance tool in use throughout North America and as a co-author of a textbook on teaching and learning — and received many honors both from within Upstate and from the community and the profession.
